

Racky's Halloween Balloon Games

Four spooky-silly racket games for little ones and their grown-ups. Each one takes about five minutes and uses things you already have at home.

Pumpkin Bop

Blow up an orange balloon and draw a smiley pumpkin face on it. Tap it up in the air and count the bops out loud together.

Easier: tap it out of your hands. **Bigger:** try it with a paddle.

Ghost Catch

Draw a friendly ghost face on a white balloon. Hold two paper plates like a big mouth and catch the ghost when it floats down.

Easier: drop it from close. **Bigger:** toss it higher.

Spider Web Walk

Make a wiggly path on the floor with painter's tape or yarn. Carry a balloon on a paddle along the web, all the way to the end.

Easier: a short, straight path. **Bigger:** add zigzags.

Treat Basket

Spread soft balls or rolled-up socks around the room. Ready, set, go: fill the trick-or-treat bucket as fast as you can.

Easier: fewer treats. **Bigger:** carry one at a time on a paddle.

Pumpkin Bop Counter

Color one pumpkin for every bop in a row. Can you color all ten?
