

Racky's Thanksgiving Balloon Games

Four gobble-silly racket games for little ones and their grown-ups. Each one takes about five minutes and uses things you already have at home.

Turkey Bop

Draw a turkey face on a balloon (two eyes, a little beak). Tap it up in the air and gobble out loud on every bop. Count how many gobbles in a row.

Easier: tap it out of your hands. **Bigger:** try it with a paddle.

Pie Pass

A paper plate is the pie. Balance a rolled-up sock on it and walk it across the room to a grown-up without dropping dessert.

Easier: a short walk. **Bigger:** walk it around a chair.

Leaf Pile Toss

Pile up soft balls or rolled-up socks as the leaves. Toss them one at a time into a laundry basket. Dump it out and go again.

Easier: stand close. **Bigger:** step back one big step each time.

Gobble Rally

Sit on the floor facing each other. Tap a balloon back and forth with your hands or a paddle. Say thank you for something on every tap.

Easier: catch and tap. **Bigger:** tap it without catching.

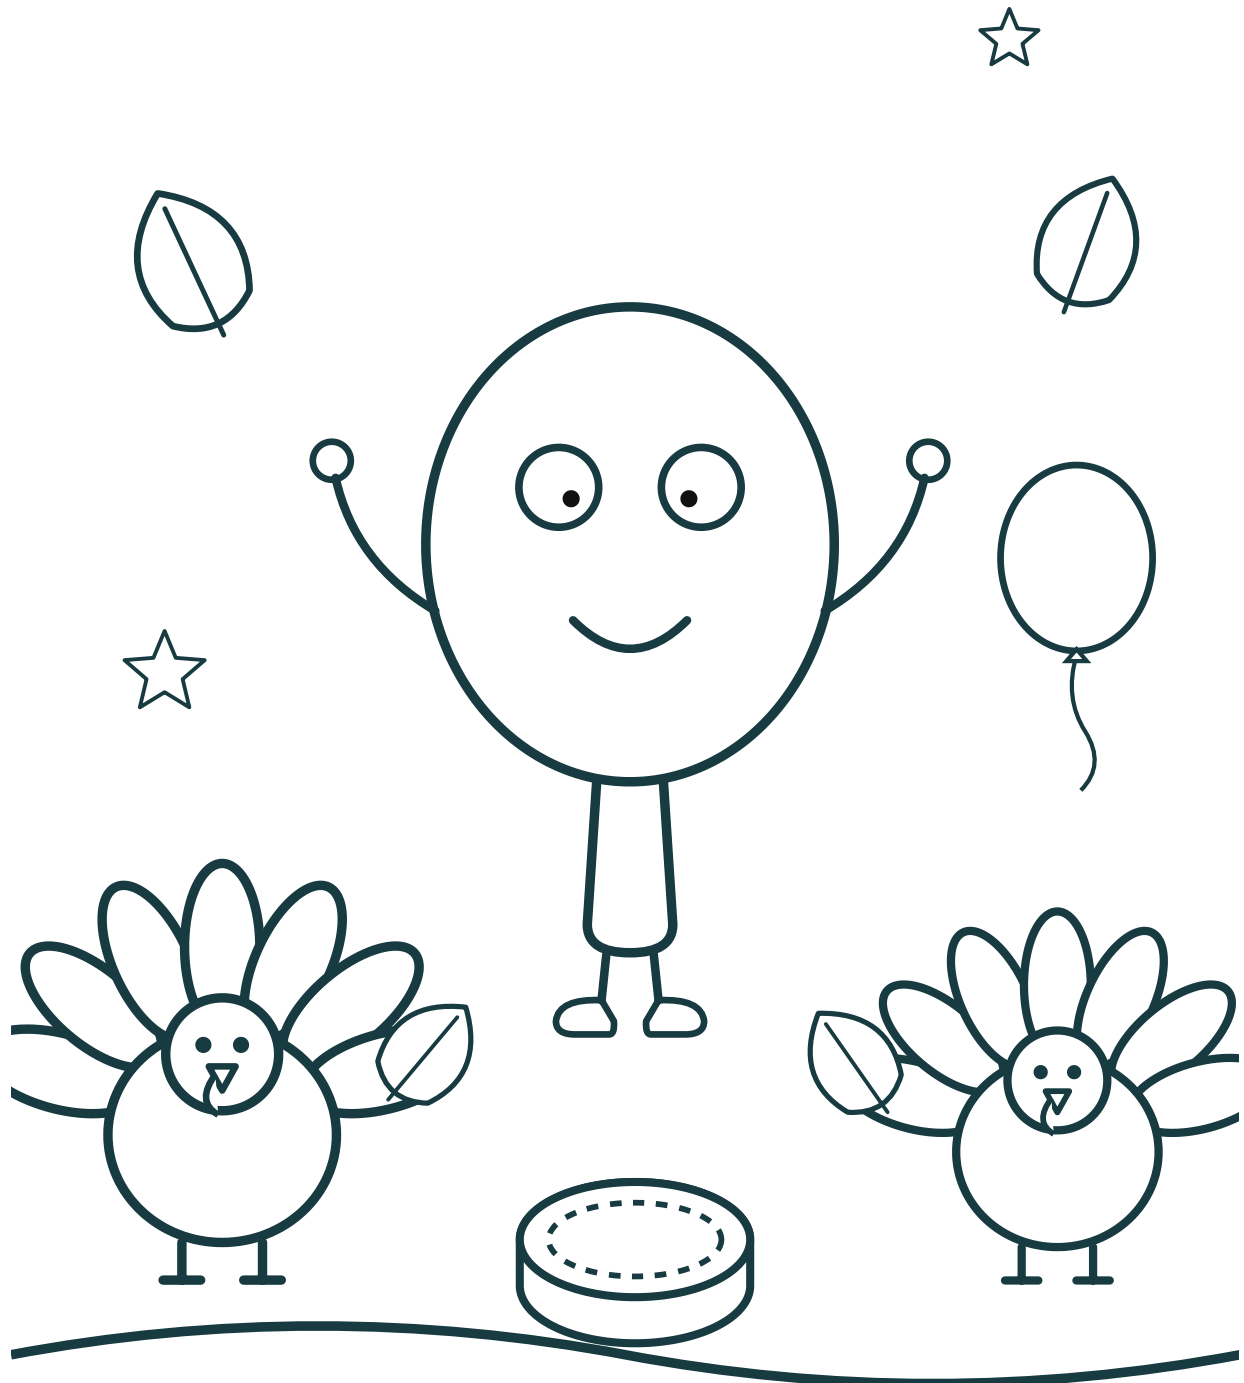

Thankful Leaf Counter

Color one leaf for every bop in a row. Can you color all ten?

COLOR WITH RACKY

Happy Thanksgiving from Racky!
